Research Assistant (m/f/d) at the Chair of Innovation and Entrepreneurship

About us

The Johann Wolfgang Goethe University Frankfurt am Main is one of the largest universities in Germany with around 41,000 students and with about 7,000 employees. Founded in 1914 by Frankfurt citizens and since 2008 once again proud of its foundation status Goethe University possesses a high degree of autonomy, modernity and professional diversity. As a comprehensive university, the Goethe University offers a total of 16 departments on five campuses and 159 degree programs along with an outstanding research reputation. Furthermore, the Goethe University is part of the Group of Rhine-Main-Universities (RMU).

Über unseren Bereich

The **Chair of Innovation and Entrepreneurship,** Faculty of Economics and Business at Goethe-University Frankfurt am Main, invites applications for a position of an

Research Assistant (m/f/d)
(E 13 TV-G-U, 50%-part time)

The position is available starting April 1, 2027, initially for a term of three years (with the option of extension for an additional two years).

We are an international team that works together in an open and collaborative manner. The Chair's research interests lie at the intersection of innovation, entrepreneurship, and institutional theory. In addition to traditional questions of innovation management, we primarily investigate how companies can position themselves in different institutional contexts and influence innovation. We have a particular interest in new methods..

Your tasks

Your responsibilities will include collaborating on the chair's research projects, assisting with the preparation of courses, and advising students on the preparation of seminar papers, bachelor's theses, and master's theses. There will be opportunities for independent research, particularly work toward a doctoral degree.

Your profile

A prerequisite is a successfully completed academic university degree (Diploma/Master's/Magister), with above-average grades, in Economics from an international or national university. We also expect you to have very strong knowledge of quantitative methods, as well as familiarity with statistical techniques and software such as Stata, R or Python. You should also be interested in learning new research methods such as neural networks, natural language processing (NLP) and visual data. You should enjoy working in a team and be fluent in English. While a good command of German is an asset, it is not required. Furthermore, we are looking for someone who is curious, independent, and proactive, as well as being honest and innovative. An interest in East Asia would be an advantage.

Your Application / General Information / Data Privacy

Goethe University is committed to equal opportunity, family friendliness, and diversity. To strengthen the diversity of perspectives and lived experiences within the university, applications from individuals with a migration background and from members of other groups that have so far been underrepresented are particularly welcome. Applicants with a severe disability, or those legally equivalent, will be given preferential consideration in cases of equal suitability. If women are underrepresented in a faculty or administrative unit, they will be given preferential consideration in cases of equal qualifications.

The salary grade is based on the job characteristics of the collective agreement applicable to Goethe University (TV-G-U).

Please submit your application, including the standard documents (resume, relevant transcripts, a PDF copy of your master's thesis, a list of publications, and two letters of recommendation), by email to the office of Prof. Dr. Storz (kiradjieva@em.uni-frankfurt.de) no later than **January 15, 2027.**

Please note that any costs incurred in connection with the application process will not be reimbursed by Goethe University.

By submitting your application, you consent to your data being stored and processed for the purpose of the recruitment process. You can find our privacy policy on our homepage.
